UPDATED: 12/04/2012

A fast working multi-purpose rust penetrant with graphite particles to displace moisture.

Part Nº: 83726 (SRP) - 400ml aerosol

Features

- Silicone free.
- Fast acting rust release.
- Contains graphite
- Breaks rust bond.
- Handy aerosol application.

Benefits

- Bodyshop safe.
- Saves time.
- Leaves lubricating film to reduce chances of “bolt shear”.
- Parts can be re-used.
- No mess or waste when transferring product from bulk containers to spray bottles.

Applications

KENT RUSTY PENETRANT has been specially formulated to provide a very fast working rust penetrant - once penetrated - leaves a lubricating film behind.
KENT RUSTY PENETRANT is safe to use in bodyshops and being silicone free is particularly good at freeing off exhaust nuts, manifold nuts, suspension components and any other components where moisture and/or heat have combined to seize a nut or bolt.
KENT RUSTY PENETRANT is also extremely useful when used alongside KENT ANTI SEIZE GREASE for very difficult areas such as exhaust assembly bolts. Use KENT RUSTY PENETRANT to get the nut moving, then spray KENT ANTI SEIZE GREASE onto exposed section of rusted thread to ensure that it does not shear.
KENT RUSTY PENETRANT also fulfills the demand in the agricultural market sector where machinery can be left idle for long periods of time in extreme conditions.

Instructions

1. Shake well before use.
2. Remove excess corrosion from parts and apply KENT RUSTY PENETRANT liberally.
3. Allow to penetrate then dis-assemble parts.

Technical Information

Part Nº:	83726	**Consistency:**	Black liquid, low viscosity.
Description:	Rusty Penetrant, 400ml	**Heat Resistance:**	Max 500ºC
Shelf Life:	30 months	**Specific Gravity:**	0.73g/cm2
Selling Unit:	EA		
Hazard info:	Extremely Flammable		
VOC:	643 g/L		
Stock Code:	SRP		
Customs Tariff Code:	3405 30 00		
SDS:	Yes		

Associated Products:

Anti Seize Grease (SAG), Spray White Grease II (SWGII), Auto Grease White (AGW)

Market Segments

Primary

Secondary

Health & Safety Information

EXTREMELY FLAMMABLE

R52/53 Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
R66 Repeated exposure may cause skin dryness or cracking.
R67 Vapours may cause drowsiness and dizziness.
S23 Do not breathe aerosol.
S46 If swallowed, seek medical advice immediately and show this container or label.
S51 Use only in well-ventilated areas.
WARNING: Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material. Keep out of reach of children.

In order to provide you with the most appropriate Personal Protective Equipment when using our products, KENT advises that you follow the guidelines on the packaging of the product before use. The guidelines are there for your protection and KENT provides a range of Personal Protection Equipment such as clothing, eye glasses, goggles, face shields and breathing apparatus, complying with the latest European legislation. If you require further advice then please phone our freephone number and we will be pleased to help you. Telephone: 0800 136925
