

## STEEL CABINETS

### KNOCK-DOWN CABINETS

The knock-down cabinet is a boltless self-assembly model delivered as a flat pack. This makes it to a low cost alternative to the ready welded cabinet versions both as product and as for transportation. Two sizes are available in colour blue or grey. Four adjustable shelves are included. Additional shelves also available.

- **ADDITIONAL SHELVES ALSO AVAILABLE.**

**PSKB1000**

**PSKG900**
